Wet market sellers

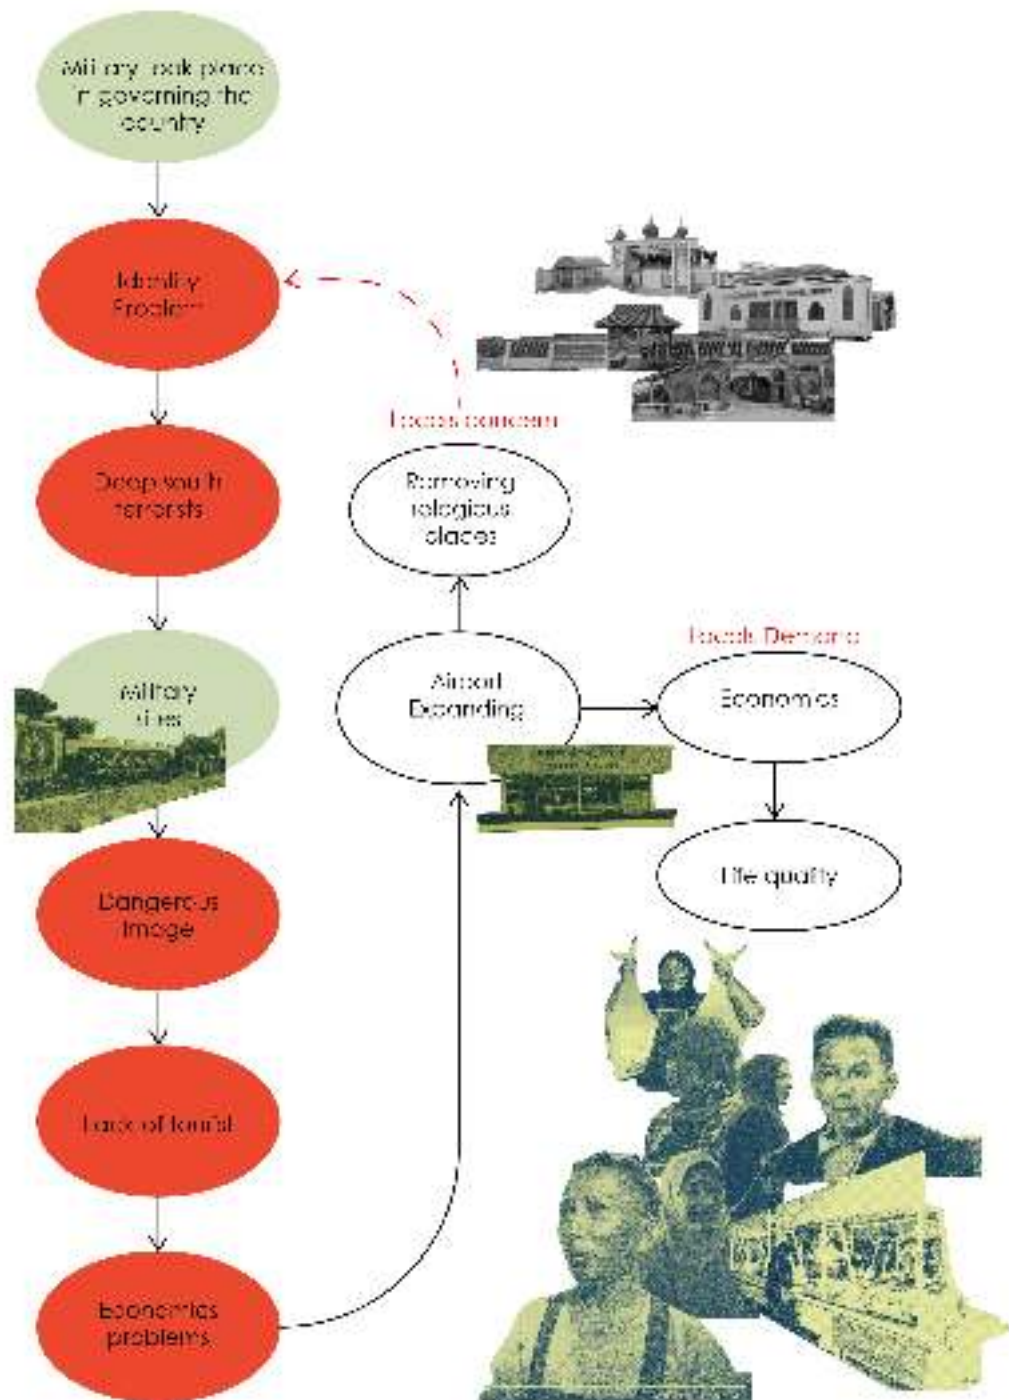

Narathiwat governor

he image of the deep south province is presented as a dangerous region in Thailand making people afraid of traveling here. the most concerning issue for locals is the **ECONOMICS** problems that caused from identity problem.

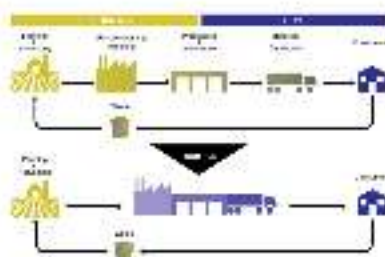

Restaurant owner

Case study: Food Port for West Louisville, OMA

This foodhub has separated between private and public while still connect them with linear planning from production, processing, to retail. It is also shorten the process in the production by reducing the transportation into one place.

Access route to deep south

The Burmese coast has been used for centuries as a route to the deep south, and the gate to deep south is in the coastal town of Sangkhla. Sangkhla and Samnang are the only two cities in the region.

Sangkhla

Phnom city center

Yala city center

Bangkok immigration

The experts hope to change the image of deep-sea disposal and mark a turning point towards sustainable industry.

Honolulu city center

Seaside Kaiak Immigration

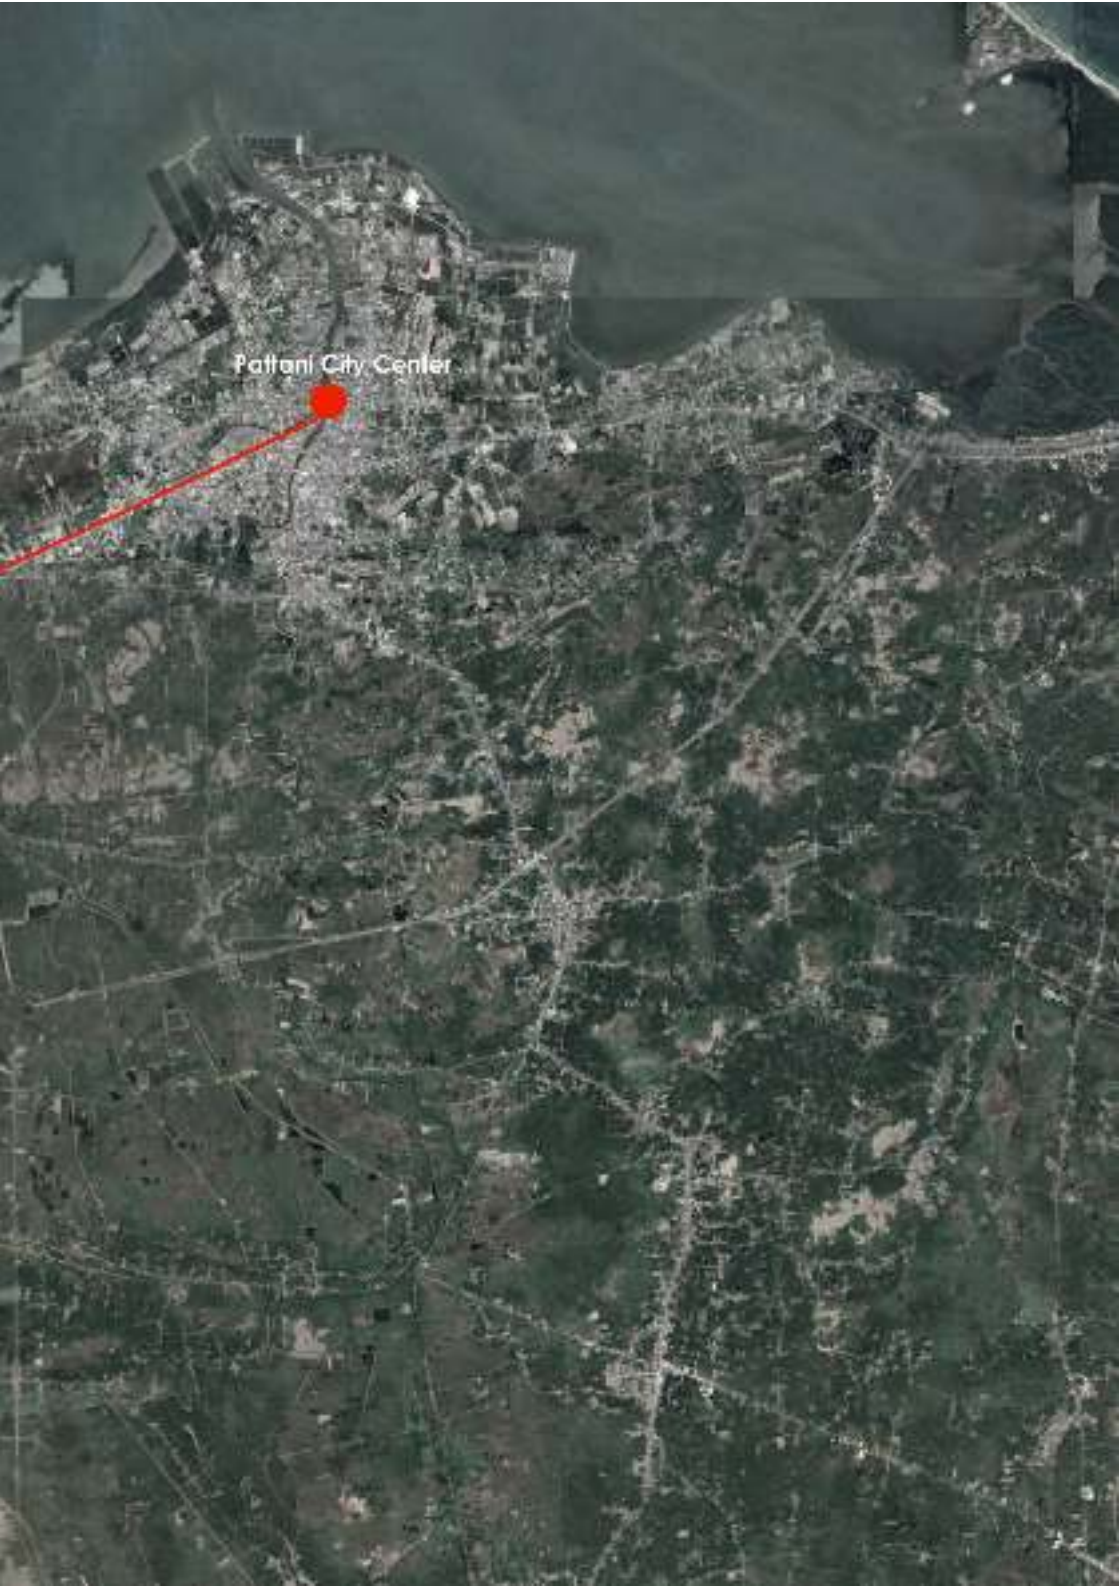

Makapuu

30 Minutes drive

Deep south region military
command center.

Original airport extension plan

Affected neighborhood

Affected village area

การขยายสนามบินจะส่งผลต่อ
วิถีชีวิตของชาวบ้านในพื้นที่

However, the plan will affect the local economy by making travel more convenient, and reducing expenses, especially. It will also note the need for long-term plan to help the village build an airport in as being well-advance opportunity, create job position and create more income opportunities for local, ultimately improving overall quality of life and regional economic growth.

The locals are not allowed to remain in the neighborhood, culture, and language need to be moved away.
